Multiple, flexible opportunities are available now

So much more!

What doctors say about AHA

"I was fully supported in every way possible ... importantly, during the tough times faced by many GP practices in the pandemic, AHA was able to adapt promptly and function with hardly any setbacks. It has been a privilege to be part of AHA and serve our community."

- Dr Revan Mendis

"I found the team to be supportive beyond my expectation. Continuous academic discussions and presentations enhance my professional skills and knowledge. I feel very lucky to have an opportunity to continue my practice with AHA and build up my career."

- Dr Mehedi Hossain

A purpose-built, state of the art practice by the beach. You'll be proud to call it your own.

Over four decades, Australia Health Alliance (AHA) has helped doctors reach their business and lifestyle goals, while earning a reputation for delivering life changing care for our South Australian community. With two clinics in the fast growing, metropolitan suburb of Seaford, doctors at AHA make a genuine impact supporting people with a diverse range of health needs. AHA provides fully equipped consulting rooms, extended hours and onsite physiotherapy, dispensing pharmacy and pathology collection centre.
